SIXTH FORM

KEY ASSEMBLY THEMES:

Women's History month

British Science Week

Ramadan Assembly

Autism Awareness

IMPORTANT DATES:

YEAR 12

- 6th March 2023: **Work Experience Deadline**
- 8th March 2023: **Reports Issued**
- 27th March 2023: **Work Experience Week**

YEAR 13

- 27th February – 10th March 2023: **Mock Exams**
- Friday 10th March 2023: **To return to lessons as normal**
- 29th March 2023: **Reports Issued**
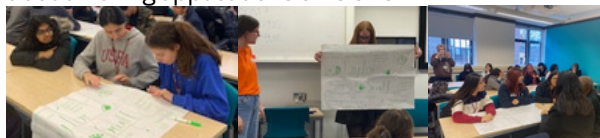

SIXTH FORM TRIPS

Royal Holloway Visit

The Year 12 cohort had a full day at Royal Holloway University where they experienced designing and creating their own University Society, a talk on University life and a tour of their beautiful campus. Hopefully students came back excited to start thinking about making applications on UCAS.

Warner Bros Studio Tour London

Media is a subject with so many real-world applications it is important that our students get to see some of these at the Warner Brothers Studio Tour. Our students engaged in an impactful workshop to further their knowledge of key media elements that would benefit them within their coursework and assessments. They then had the opportunity to 'nerd out' over Harry Potter and walk through the incredible scenes of how the movie was brought to life.

> Doreen in Year 12 commented on how lovely the day was and how insightful it was seeing the way scenes are composed.
>
> Jason in Year 12 said he loved walking down Diagon Alley and seeing the buildings used in the films.
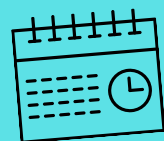

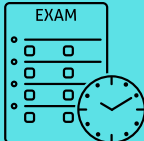

TOP TIPS

A GREAT REVISION TECHNIQUE IS THE LEITNER METHOD.

Many students use Flashcards to help review their learning and it is not an uncommon sight to see these carried around by eager students. What is not so common is the effective use of flashcards which are often mistakenly used as a reading aid rather than a retrieval aid.

The main principles of the Leitner Method involve grouping cards into difficulty levels and revisiting them on certain days.

Please see the video and image to help you understand how to put The Leitner Method into practice.

Flashcards

Hint: try adding more boxes or more flashcards or changing the intervals

answer correct place card in next box

answer correct place card in next box

Everyday

Tuesday & Thursday

Fridays

answer incorrect move card to previous box

answer incorrect move card to previous box

An effective use of flashcards to prompt & recall learning using spaced practice proposed by Leitner in the 1970s. It focuses on the proficiency of recall of the learner. Information which is easily recalled has a longer time lapse before the next recall opportunity.
